PROFESSIONAL SUMMARY

MERN Stack Developer with 5+ months of production experience building and shipping features on a live platform (Petroshop) serving real customers. Skilled in React.js, Node.js, Express.js, MongoDB, REST API design, and JWT authentication — focused on clean architecture, performance, and high-impact delivery.

PROFESSIONAL EXPERIENCE

Full Stack Developer — Digital Fly High Solutions, Indore

Dec 2025 – Present

- Contributed to Petroshop — a live platform — building React.js frontend components and Node.js/Express.js backend APIs including admin panels, dashboards, and user management modules.
- Developed 10+ reusable React components for order management and user workflow modules, improving render performance by ~25% and reducing UI inconsistencies.
- Designed and integrated 8+ RESTful APIs with average response time under 300ms for seamless frontend-backend communication.
- Implemented JWT-based authentication and resolved 15+ production bugs, significantly improving platform stability and user experience.

Frontend Developer Intern (Virtual) — InternPe

Mar 2025 – Apr 2025

- Built a fully functional e-commerce website (HTML/CSS/JS) with product listings and persistent shopping cart using localStorage.
- Improved cross-device responsiveness achieving consistent UI layout across 5+ screen sizes.

PROJECTS

Tourist Listing Web App [GitHub ↗](#) [Live Demo ↗](#)

Tech: Node.js, Express.js, MongoDB, EJS, Passport.js

- Full-stack web app managing 20+ tourist listings with server-side EJS rendering; REST APIs achieving avg. response time under 300ms.
- Secure Passport.js authentication with session management; fully responsive mobile-first UI across all pages.

Salon Website [GitHub ↗](#) [Live Demo ↗](#)

Tech: React.js, Framer Motion, Material UI, Lucide Icons, CSS3

- Responsive React.js salon site with smooth Framer Motion animations and Material UI components across Home, Services, About, and Contact pages.
- Deployed on Vercel with optimized asset loading; consistent cross-browser rendering across Chrome, Firefox, and Safari.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, C++ (Basic DSA)

Frontend: React.js, Redux / Context API, Tailwind CSS, Material UI, Framer Motion, Lucide Icons, EJS, Responsive UI

Backend: Node.js, Express.js, RESTful API Design, MVC Architecture, API Integration

Database: MongoDB, Mongoose, CRUD Operations

Auth & Tools: JWT, Passport.js, Git, GitHub, Postman, VS Code, Vercel | Learning: TypeScript, Docker, CI/CD Pipelines
